MIS EXECUTIVE
OPPO MU INDIA PVT. LTD.
November 2019 – December 2021

- Prepared **sales, stock, and target vs. achievement reports** on a daily, weekly, monthly, and yearly basis.

- Resolved data-related queries for the sales team and collected necessary data for reporting.

PROJECTS: -
1. SALES & STOCK ANALYSIS DASHBOARD

- **Objective**: To provide real-time insights into sales performance and stock availability.

- **Tools Used**: Power BI, SQL, Power Query, Calculated Column, Measure, DAX Function (Time intelligence, Date & Time, Text, Filter, Aggregation functions)

- **Key Features**:

    o Interactive visualizations for sales trends, stock levels, and target vs. achievement.

    o Drill-down capabilities for detailed analysis.

    o Automated data refresh using SQL queries.

2. RCM DENIALS DASHBOARD

- **Objective**: To track and analyze Revenue Cycle Management (RCM) denials for healthcare clients.

- **Tools Used**: Power BI, SQL, DAX, SQL, Calculated Column, Measure, DAX Function (Time intelligence, Date & Time, Text, Filter, Relationship functions)
- **Key Features**:
    o Denial trends by category, payer, and department.
    o Root cause analysis for denials.
- Automated email alerts for high-denial cases.

3. TRAINING MANAGEMENT DASHBOARD

- **Objective**: To streamline training data management and reporting.
- **Tools Used**: Power BI, SQL, VBA, DAX, Power Query
- **Key Features**:
    o Batch-wise and colleague-wise training details.
    o Real-time updating dashboard linked to SQL Server.
    o Automated data upload and reporting.

4. WORK ANNIVERSARY TOOL & DASHBOARD

- **Objective**: To automate work anniversary certificate generation and distribution.
- **Tools Used**: Power BI, VBA, SQL
- **Key Features**:
    - Pre-designed certificates for 20 years.
    - Automated email distribution of certificates.
    - Real-time updates on employee anniversaries.

Certifications: -

- **1-Year Certification in Data Engineering** – DCVS Computer Training Institute, Laxmi Nagar, Delhi.

- **5-Star Rating in SQL Practice** – Online Web Portal.

Achievements

- Successfully automated **client Reporting** and **Training Management Systems**, saving over 200 hours annually.

- Recognized with multiple awards for **Automation** and **Process improvement**.
